## HIGHLIGHTS

### **JOHNSON COUNTY COMMUNITY HEALTH SERVICES WELCOMES NEW ADMINISTRATOR – ANTHONY ARTON**

The Trustees of the Johnson County Community Health Services' Board are pleased to announce that Anthony Arton has been hired as the agency's Administrator. He started April 18. Anthony will take Deborah Haller's place, as Deborah will retire on April 22. Anthony graduated from Warrensburg High School, he attended the University of Central Missouri where he completed his Bachelor of Science degree in Political Science and Safety Management, and he received his Master's Degree in Higher Education Administration. Anthony has a tremendous variety of experience to bring to this position including university residential life management; government and community relations; fire, medical, emergency and disaster response; board memberships; and coaching.

### **THE ST. FRANCOIS COUNTY HEALTH CENTER CELEBRATES THEIR ACCREDITATION AWARD AND THEIR 40<sup>TH</sup> ANNIVERSARY**

On April 19, the St. Francois County Health Center was awarded a certificate of accreditation, at the primary level, from The Board of Directors for the Missouri Institute for Community Health (MICH). They are also celebrating 40 years of service to the community this year. The Health Center began in 1975 as a nursing service located in the county courthouse with a staff of two nurses. The St. Francois County Court endorsed the establishment of full-time county health center, supported by a tax levy, in April of 1976. To celebrate their accreditation achievement and 40th anniversary, the St. Francois County Health Center is holding an open house on Friday, April 29, from 1:00 p.m. to 3:00 p.m., with the accreditation award ceremony at 1:30 pm.

### **KIDS COUNT**

The Family and Community Trust (FACT) enters its third year as the KIDS COUNT grantee in Missouri. KIDS COUNT is a national and state-by-state effort to track the well-being of children, through high quality data and trend analysis. FACT is grateful to the Annie E. Casey Foundation for their generous support of this effort in Missouri. The KIDS COUNT data can be found at <http://missourikidscountdata.org/>.

## APRIL IS FABRY DISEASE AWARENESS MONTH

April is Fabry disease awareness month. Fabry disease is a rare, progressive, destructive, and life-threatening inherited disorder that causes children and adults to suffer a cascade of life-altering symptoms. Symptoms include pain, decreased ability to perspire, intolerance to heat and exercise, unexplained fevers, gastrointestinal upset, and excessive school and work absences. Fabry disease progresses to include hearing loss and lung, heart, kidney, and cerebrovascular disease. Fabry disease is caused by deficient activity in the lysosomal enzyme  $\alpha$ -galactosidase A that causes insufficient breakdown of lipids. Lipids build up to harmful levels in the body causing lysosomal and cellular dysfunction. In April 2003, the Food and Drug Administration (FDA) approved enzyme replacement therapy for the treatment of Fabry disease. Fabry disease is severely under-recognized and misdiagnosed, and when it is diagnosed, it is often too late due to irreversible organ damage. In Missouri, all babies are screened for Fabry disease shortly after birth, through newborn screening. To learn more about newborn screening for Fabry disease, please visit [www.health.mo.gov/newbornscreening](http://www.health.mo.gov/newbornscreening).

## APRIL IS CHILD ABUSE PREVENTION MONTH

The theme for this year's National Child Abuse Prevention Month is "Building Community, Building Hope". Everyone can get involved in building strong, nurturing communities that are supportive of families. By ensuring that parents have the knowledge, skills, and resources they need to care for their children, we can help promote family well-being and prevent child abuse and neglect. Visit the National Child Abuse Prevention Month web page at <https://www.childwelfare.gov/preventing/preventionmonth/>, for the 2016 Prevention Resource Guide, information about protective factors, tip sheets for parents and caregivers, and many other resources. For Missouri resources, visit the following web pages: [Children's Trust Fund](#), [Missouri KidsFirst](#), [Kansas City Child Abuse Roundtable](#), and the [St. Louis Family and Community Partnership](#).

## PRIVATE WATER TESTING PAYMENT IS NOW REQUIRED

The State Public Health Laboratory (MSPHL) now requires the \$10 handling fee for private water bacterial testing be included with the sample. **Samples will be rejected for testing due to non-payment.** Refer to the instructions provided in the sample kit, for further details on completing the new sample information forms, fee waivers, and payment options. Local public health agency (LPHA) staff should use the sample information forms that have the LPHA name and address in the REPORT TO section, at the top of the form, and write "Government" on the NO CHARGE JUSTIFICATION line. Forms with blank REPORT TO lines are for use by the general public, and they will be rejected if payment is not included or if the NO CHARGE JUSTIFICATION line is not completed. Please contact the MSPHL's Central Services Unit at 573-751-4830, to request the new sample information forms and bottles. Please discard old sample kits.

## **MINI-GRANT OPPORTUNITY FOR CROSS JURISDICTIONAL SHARING**

The Center for Sharing Public Health Services ("Center") has up to five mini-grants available for public health agencies, or their designated agents, that wish to explore, plan, implement or improve some aspects of a cross-jurisdictional sharing (CJS) arrangement. Eligible CJS arrangements must include a minimum of three jurisdictions of any size or two jurisdictions, if the combined population is 50,000 or greater. Applications will be considered on a rolling basis from February 15 to June 10 or until all five grants are awarded, whichever comes first. The amount of each award will be up to \$10,000 for a project period of up to six months. For more information, please see <http://phsharing.org/2016/02/01/center-offers-new-mini-grants/>.

## **NOMINATIONS ARE OPEN FOR THE 2016 MISSOURI PUBLIC HEALTH NURSING AWARDS**

To celebrate and acknowledge the great work of Missouri's public health nurses, the Council for Public Health Nursing is now accepting nominations for **two** awards. The [Public Health Nursing Award](#) is to honor and recognize a Missouri public health nurse working in a local public health agency or educational setting. The [Public Health Nursing Leadership Award](#) is to honor and recognize any Missouri nurse currently practicing as a public health nurse. The criteria for the awards are based on the Quad Council Core Competencies for Public Health Nurses. More information on the Core Competencies in Public Health Nursing can be viewed at <http://www.achne.org/files/Quad%20Council/QuadCouncilCompetenciesforPublicHealthNurses.pdf>. All nominations must be received by June 30. Recipients will be announced in June, with awards presented in September, at the Annual Joint Public Health Conference in Columbia. For questions, please contact Trina Teacutter by e-mail at [tdteacut@gocolumbiamo.com](mailto:tdteacut@gocolumbiamo.com) or by phone at 573-874-7356. Please share with your colleagues, and encourage them to nominate their local public health nurse for this honor and recognition.

## **MORE TOBACCO CESSATION SERVICES WILL BE AVAILABLE SOON FOR MISSOURI**

Smoking is the leading cause of preventable death and disease in the United States, and Missouri has the 11<sup>th</sup> highest smoking rate in the nation. Missouri is one of nine states selected to participate in an expanded effort, funded by the American Lung Association (ALA) and the Anthem Foundation, to reduce the toll of tobacco use. Funding will be used to increase evidence-based cessation services, such as the Freedom from Smoking Tobacco Cessation Program. The ALA will work with community partners to bring these services to communities with a disproportionate burden of tobacco use and tobacco-related illness, as well as, limited resources for addressing tobacco use. Additional information about the implementation in Missouri will be shared with local public health agencies (LPHAs) as it is available. Please contact Diane Coffman at [diane.coffman@health.mo.gov](mailto:diane.coffman@health.mo.gov), for additional information. You may read the press release announcement at [HTTP://WWW.PRWEB.COM/RELEASES/2016/03/PRWEB13298187.HTM](http://WWW.PRWEB.COM/RELEASES/2016/03/PRWEB13298187.HTM).

## **WIC UPDATES**

The WIC Updates have been posted to the WIC web page. You can view the updates at <http://health.mo.gov/living/families/wic/wicupdates/index.php>. This week's updates include:

### **DHSS JOB OPPORTUNITIES/NEWS:**

DHSS has no new job opportunities or news to share this week.

## MEETINGS, CONFERENCES, AND TRAININGS

### MISSOURI INFORMATION FOR COMMUNITY ASSESSMENT (MICA) TRAININGS

This summer, throughout the state, the Department of Health and Senior Services' (DHSS) Bureau of Health Care Analysis and Data Dissemination (BHCADD) is offering sessions of *Introduction to Profiles and Missouri Information for Community Assessment (MICA)*, *Health Data Analysis*, and the *Health Data Workshop*. These courses are recommended for staff who need to understand and present data or to inform policy or decision making related to priority health issues. There is no cost to attend the courses, which are hands-on and designed to assist agencies with health status monitoring and data analysis needs. The registration form, training dates, draft agendas, and other details are available at <http://health.mo.gov/data/mica/MICA/healthdatatraining.html>. We are limited to approximately 20 seats in each session, so you are encouraged to register early to secure your preferred location. Reimbursement for mileage may be available. If you have questions or need additional information regarding the MICA trainings, please contact Andrew Hunter by e-mail at [Andrew.Hunter@health.mo.gov](mailto:Andrew.Hunter@health.mo.gov) or by phone at 573-526-0444. Alternatively, you may contact Becca Mickels by e-mail at [Becca.Mickels@health.mo.gov](mailto:Becca.Mickels@health.mo.gov) or by phone at 573-751-6285.

### MOMMY & BABY FAIR – April 23

The Callaway County Health Department is hosting a Mommy & Baby Fair on April 23. The fair will be held from 10:00 a.m. to 4:00 p.m. at the Callaway County Health Department, 4950 Co Rd 304, Fulton, MO. The fair is free to the public! There will be prizes, giveaways, and contests. Up to 22 local and nearby vendors will be offering services for pregnancy up to around three years of age. Please check out our [flyer](#), and join us on April 23!

### OMAHA SYSTEM BASIC WORKSHOPS – May 4

On May 4, the Omaha System Basic Workshops will be at the Platte County Health Department in Parkville, MO and at the Saline County Health Department in Salina, KS. The hosts are the Platte County and the Ottawa County Health Departments. The Omaha System is a research-based, standardized classification designed to describe client care; it is the basis of Electronic Health Records (EHRs) developed by many software vendors. The workshops are introductory/refresher sessions for inter-professional clinicians, managers, faculty, students, and programmers/IT staff who are considering the use of or currently using the Omaha System. They include discussion and practice; two case studies will be the focus of most of the day. The workshop schedule is 9:00 a.m. to 3:30 p.m. The \$145.00 registration fee includes handouts, lunch, and 5.5 contact hours. For more details, contact Karen S. Martin, presenter, by e-mail at [martinks0007@gmail.com](mailto:martinks0007@gmail.com) or by phone at 402-333-1962.

### SUMMER FOOD SERVICE PROGRAM (SFSP) TRAINING – MAY 4-12

The Bureau of Environmental Health Services, Summer Food Service Program (SFSP) will provide district training opportunities highlighting the changes to the participation agreement (PA). Environmental staff, who conduct investigations, must attend. Additional topics will be discussed, with the training beginning at 8:30 a.m. and ending at 4:00 p.m.

#### TRAINING DATES:

May 4	Callaway Electric Cooperative, 1313 Cooperative Dr, Fulton
May 4	Library Center, 4653 S. Campbell Ave, Springfield
May 5	Jefferson County Health Department, 1818 Londell, Arnold
May 5	Three Rivers College, 2080 Three Rivers Blvd, Poplar Bluff
May 12	University of Missouri Extension Office, 404 N. Missouri, Suite B, Macon
May 12	Northwest District Health Office, 3717 S. Whitney, Independence

Attendees must pre-register for the meeting they want to attend. Please e-mail your registration to [BEHS.SUMMERFOOD@health.mo.gov](mailto:BEHS.SUMMERFOOD@health.mo.gov), with the training location and who will be present. We look forward to working with you again this year.

## **MISSOURI PUBLIC HEALTH ASSOCIATION (MPHA) WORKSHOP – May 17**

The Missouri Public Health Association will be offering a “Finding, Writing and Managing Grants” workshop on May 17, at the Stoney Creek Inn in Columbia. Topics include:

- Sources of Funding and Different Types of Funders
- Grant Writing Basics: Typical Sections to Address and What Goes in Each Section
- Budgeting and Justification
- Execution: Different Ways to do the Grant Writing Process
- Grant Management Processes and Tips
- What is the Missouri Council on Advanced Practice (MoCAP)?

The conference starts at 8:30 a.m. and ends approximately at 5:00 p.m. Registration fees are \$85.00 for MPHA members, \$135.00 for non-members plus MPHA membership, \$35.00 for students and retirees, and \$145.00 for non-members. Lunch will be provided. To register for the conference, please go to the MPHA website at <http://www.mopha.org/>, and download a registration form. Alternatively, you may e-mail Sandy Boeckman at [sboeckman@mopha.org](mailto:sboeckman@mopha.org), or you may call her at 573-634-7977.

## **SMALL FLOWS TRAINING CLASSES – MAY 17 & 19**

In partnership with the Washington On-site Sewage Association, the Missouri Small Flows Organization will be hosting two classes related to safety in the wastewater industry. See the [attachment](#) for class and registration information.

## **FREE SUMMIT ON GOVERNMENT PERFORMANCE & INNOVATION – June 15 & 16**

The second-annual Summit on Government Performance & Innovation will be held on June 15-16, in Louisville, KY. It is a unique policy and leadership event, focused on strategies and technologies that will enable government to deliver better service, engage citizens, and ultimately improve performance. The conference is free to anyone in government. Proposed topics include:

- Why Measuring Performance is Key and How Best to Do It
- What Outcome-Driven Government is and How It Works
- Why, How, and What Data Improves Government Performance
- How Culture Change Happens and How to Nurture, Scale, and Sustain It
- How Generational Change is Driving Government Innovation
- What Citizen Engagement Has to Do With It
- What Role Technology Plays — Now and in the Future

For more information, please click [here](#).

## **SAVE THE DATE: REGIONAL TRAINING FOR LOCAL PUBLIC HEALTH NURSES - June 23**

The Department of Health and Senior Services, Center for Local Public Health Services, and the Missouri Council for Public Health Nursing (MCPHN) are sponsoring an upcoming training that will provide continuing education and staff development opportunities for public health nurses (PHNs) at the regional level. The training will be held at the Government Resource Center, 1500 Vandiver, Columbia. The mission of the MCPHN is to provide leadership, expertise, and advocacy related to public health nursing practice, standards, and issues. The strength of our public health nursing system is our ability to network with and support each other in our unique practice. Please watch for the training agenda and fax back registration, later this month.

## **INVITATION TO ANTIMICROBIAL STEWARDSHIP: FOCUS ON IMPLEMENTATION CONFERENCE – July 22**

We have planned what we believe is an outstanding educational program on Antimicrobial Stewardship, to take place on July 22, at the Peachtree Catering and Banquet Center in Columbia. One of the sessions features Dr. Robin Jump from Case Western Reserve University, an expert on *Clostridium difficile* (C-diff) in the elderly. Dr. Jump will speak on the treatment and prevention of the *Clostridium difficile* infection, a major issue in nursing homes. Please see the attached [announcement](#) for more information and to register.

## **EVIDENCE-BASED DECISION MAKING COURSE – August 23-25**

The Missouri Department of Health and Senior Services (DHSS) and the Prevention Research Center in St. Louis will be holding the next Evidence-Based Decision Making course. It will be held August 23-25 at the Saint Louis University Salus Center. The course is designed to increase participants' understanding of evidence-based principles and to increase the utilization of systematic approaches in day-to-day public health practice. The material covered in the course applies to all public health and senior services practitioners seeking to use resources effectively and efficiently. The course will begin at 8:00 a.m. on Tuesday, August 23, and it will end at 12:30 p.m. on Thursday, August 25. There is no registration fee, but participants must cover their own travel expenses (hotel rooms are available at a fixed rate if desired). For more information, please contact Linda Dix, Evidence-Based Public Health Course Coordinator, at 314-935-0121 or [ldix@wustl.edu](mailto:ldix@wustl.edu). This course is limited to 25 participants. You will receive a confirmation e-mail for the course. To register, please go to [http://sswwustl.az1.qualtrics.com/jfe/form/SV\\_e2uVGUpciWgCoVT](http://sswwustl.az1.qualtrics.com/jfe/form/SV_e2uVGUpciWgCoVT).

***For other training opportunities, please see [Links to Valuable Resources](#) that is on Page 2 of this Friday Facts publication.***

## **LPHA JOB OPPORTUNITIES**

### **BREAST FEEDING PEER COUNSELOR – Bollinger County Health Center**

Bollinger County Health Center has an opening for a breast feeding peer counselor. This position requires a High School Diploma, with personal breastfeeding experience. Candidates should also enjoy working with children and be able to function both independently and as a team player.
